Title of Workshop: BMC canvas

No. of students Participated: 101

No. of faculties Participated: 4

No. of external Participated (if any): Nil

Objective:

There are so many newly developed products penetrating our current market. The idea of invention and innovation has been widely used by the developer to produce many things that help to ease mankind's daily work. And of course, to produce a new product we need to know how the market is behaving and how the process will be. To ease the process in developing new products or business, Business Model Canvas (BMC) can be used. What is BMC?

Benefits in Terms of Learning, Skills & Knowledge:

Business Model Canvas(BMC) is a tool that helps us to better understand business model in a structured and straightforward way. Specifically, BMC is a strategic management and entrepreneurial tool that helps in describing, designing, inventing and capturing the market values.BMC is widely used to quickly draw a picture of our idea detail and this allows us to get a better understanding regarding our business. It also provides knowledge and skills such as tools' hands on experience, communication and also teamwork.

In BMC, there are nine focused items regarding the business which are customer segments, value proposition, channel, customer relationship, revenue stream, key resources, key activities and cost structure. The practicality of BMC really helps in conveying the idea to be developed and commercialized the product or business to the market.

About the Event:

Department of Computer engineering of SAL Institute of technology & Engineering Research have organized a Workshop on "BMC Canvas" for the Final Year Students. This workshop was organized to make students aware about how to design "BMC canvas".

Highlights of the Workshop:

The Webinar was scheduled on 5th of FEB 2021 for (B.E.) Computer Engineering Department students. The medium for this session was the Online due to the COVID-19 circumstances. Around 101 Students joined for this session on Google meet over the link meet.google.com/rnp-vyhn-eag. The Webinar was conducted by Ass. Prof. Harsha Padheriya & Ass. Prof. Biren Patel at 10:30a.m

The students who actively participated in this presentation session were more than 101 in number and got knowledge about BMC Canvas. The feedback from the students was overwhelming, when they came to know about this information.
