About the Event:

Department of Mechanical & Automobile Engineering of SAL Institute of technology & Engineering Research has organized a Workshop on “Entrepreneurship & Innovation as a Career Opportunity” for the Final Year Students. This workshop was organized to make students aware about importance of their Innovation and how they can convert their innovation in Product and become an Entrepreneur. Details about Various schemes and support provided to the young entrepreneurs from government of India also discussed with them. How to Nurture creativity with design thinking and what are the key skills required to become an entrepreneur was presented to students.

Highlights of the Workshop:

The workshop was started with the basic introduction of the Speaker and the Introduction of Institution’s Innovation Council. Basic idea about the some academic subjects with are related to entrepreneurship was given to them. In the final year all the students are involved in the project work and developing some new innovative product which is helpful for society. The speaker has given insight how they can become an entrepreneur by doing further development in their projects. Importance of entrepreneurship in their career development also explained to them.

Focus was given to key qualities or skills required for an Entrepreneur and development of some Interpersonal skills. Some examples were given related to Critical thinking and Creative thinking. Explanation of different thinking skills was given which are required for any Entrepreneur.

**Workshop on
“Entrepreneurship and Innovation as
Career Opportunity”**
Theme : Entrepreneurship - Inspiration - Motivation - Idea

Date: 29/12/2020

From : Harshit Bhavsar
Assistant Professor
SAL Education Campus

Harshit Bhavsar is presenting

- There are no specific educational requirements for becoming an entrepreneur
- but strong educational background and work experience makes the probability of success slightly higher.
- While successful entrepreneurs are generally well trained & qualified in their field; specific education qualifications can vary.
